## ENVIRONMENTAL POLICY

*In our continuous efforts to improve the quality of our work, we must also ensure that we protect our environment. Implementing AHAM's environmental policy will provide a safe and healthful workplace; protect the environment by consuming less energy and natural resources.*

*We are committed to:*

- § *Provide a safe and healthful workplace and ensure that personnel are properly trained with the appropriate safety and emergency equipment.*
- § *Be an environmentally responsible neighbor in the community where we operate, and correct incidents or conditions that endanger health, safety or the environment.*
- § *Conserve natural resources by adopting pollution practices (example: extending the life of equipment through proper preventive maintenance scheduling).*
- § *Develop and improve operations to minimize the use of energy and natural resources (example: reducing fuel consumption of all company vehicles to the minimum requirement to complete the work).*
- § *Meet and exceed all applicable local / international requirements and adhere to stringent standards at all times.*
- § *Strive to continually improve AHAM's environmental policy.*
- § *Establish procedures for periodic review of environmental compliance with all the laws and regulations.*

*This policy is distributed to all departments of AHAM. Furthermore, it can be found on our website [www.ahamgeo.com](http://www.ahamgeo.com)*
